

TRILOGY

NOTE:

The following text reveals in a very objective manner, a reality not yet known to the formal academic means, which might surprise a reader not yet familiarized with the new conceptual postulates presented by the 'Spatial Theory' (unifying theory), which compose the Cosmologic Spatial Treatise, especially the new concepts of '[Space](#)' and '[Image](#)' (both with capital initials). It is convenient though, before trying to comprehend such revelations, to follow the reading Guide proposed in the opening page of this portal.
